## Directions

*This card is built vertically. (Use photo above for reference any time you have questions about dies used or placement of stamping or die cuts.)*

1. Cut card base and mats as listed in the Materials & Measurements Section.
2. Use Granny Apple Green ink and stamp the single daffodil and exterior sentiment on Basic White scrap.
3. Color the single daffodil with Flirty Flamingo and Granny Apple Green Stampin' Blends. Using the Flirty Flamingo Stampin' Blend color the center of the white side of the doily and the White Frayed Ribbon.
4. Frame and secure the single daffodil with the Daffodil die and frame the exterior sentiment with the Ornate Frame Die shown in photo. Run through SCEM.
5. Insert Vellum mat into Painted Texture 3D embossing folder and run through SCEM.
6. Dip the edges of the label on the Granny Apple Green ink pad. Repeat until entire label edge is green.
7. Adhere the ribbon to the Ombre Specialty Paper one quarter of the way up from bottom of mat.
8. Place dimensionals on the center of the doily then adhere to the left edge of the Ombre Specialty Paper with part of it hanging off the edge. Cut the doily even with the edge of the Ombre Specialty mat and adhere to the Vellum mat. Secure the double mat to Flirty Flamingo card base.
9. Place dimensionals on the daffodil die cut and center on doily. Tuck the sentiment label under the doily allowing the top half of the ribbon to show.
10. Embellish with 8 Opal Rounds.
11. Stamp sentiment on interior mat. Adhere strip of Ombre Specialty Paper to the left edge of the interior mat. Adhere mat to inside of card.

***Decorate the envelop!*** The joy of receiving snail mail begins with the envelop.

Stamp daffodil in the lower left corner of the envelop. If you want to color the image insert a piece of scratch paper inside the envelop, so the Stampin' Blends don't bleed through.
