## Directions

***This card is built vertically. Use photo above for reference any time you have questions about dies used or placement of stamping, die cuts, or labels.***

1. Cut bases and mats as listed in the Materials & Measurements Section.
2. Secure the wildflower dies and label die on Coastal Cabana scrap. Run both through the SCEM.
3. Adhere the smaller Basic White exterior mat to the smaller Coastal Cabana mat. Adhere wildflower centered on the mat. Place dimensionals on back of the constructed strip.
4. Adhere the large mat to the exterior of the card base. Remove dimensional backings and adhere to left side of card base.
5. Using Coastal C
6. abana ink, stamp the sentiment on the label and a wildflower image in the lower left corner of the envelope.
7. Starting in the front, run one end of the ribbon through the center hole on the label edge, across the back, and up through the hole on the other side. Place Tear & Tape over the ribbon on the back of the label and place 1 dimensional on the edge of the label and glue on the other edge. Adhere the label centered ½" up from the bottom of the smaller mat.
8. Embellish: Place 2 pastel pearls on the edge of each label and 1 at the base of the wildflower bloom.

***Decorate the envelop!*** The joy of receiving snail mail begins with the envelop.

Stamp the envelop in the lower left corner if you didn't do it in step 5.
